

Plug-in Power Supply for GMH 3xxx Series

GNG 3000 ECO

Introduction

The GNG 3000-ECO is a plug-in power supply for compatible instruments such as the GMH 3xxx series and GCO 100. It is designed for an input voltage range of 100 to 240 V AC and provides an output voltage of 12 V DC with a maximum output current of 0.6 A. The unit is supplied with a 1.8 m connection cable and offers a practical external power source for stationary instrument operation. It is not recommended for GMH 34, GMH 35, and GMH 38. The power supply must not be used with ATEX devices.
