

Connection cable BNC to 2 x banana plugs

GMK 38

Introduction

A clear, secure connection keeps measurement setups simple and manageable. This measuring cable links a BNC connector to 2 banana plugs, supporting compatible instruments and measurement points that use this connector combination.

With a cable length of 90 cm, it provides practical reach for compact setups without unnecessary cable bulk. It is a straightforward choice when a BNC-to-banana-plug measuring cable is required.

Clear connection

BNC to 2 banana plugs supports compatible measurement setups.

Practical reach

90 cm cable length suits compact measuring arrangements.
